L'Antiga Esquerra de l'Eixample / Barcelona

Great 125 sqm apartment to renovate with high ceilings and original hydraulic floors. It is located on a property that is in the process of rehabilitation.

The house is located on a high floor, which gives it a lot of light.

Furthermore, it is a double-oriented property and has very well differentiated day and night areas.

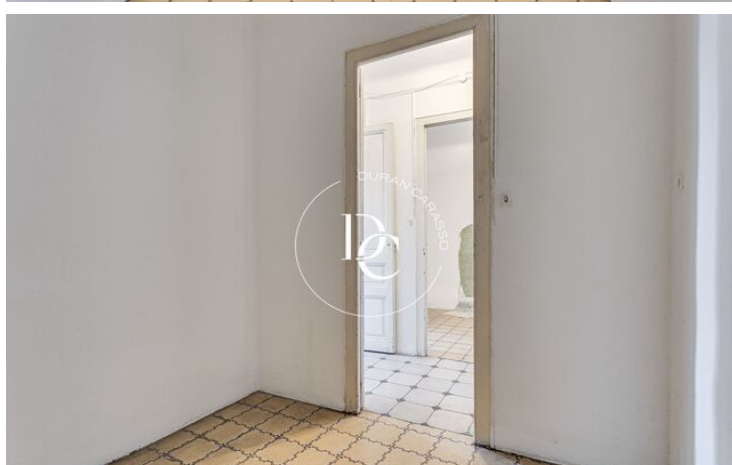

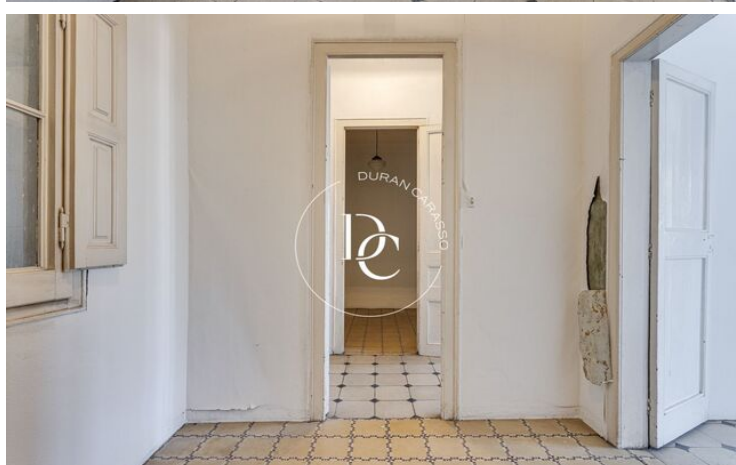

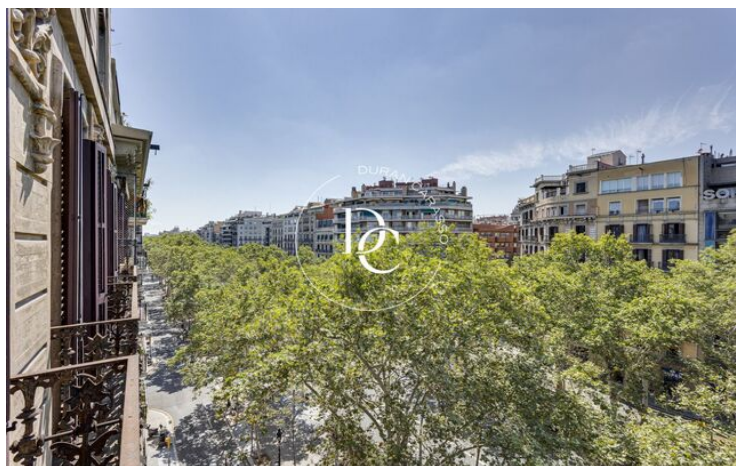

The rear gallery faces the island of buildings typical of Eixample and provides a lot of light to the rear rooms.

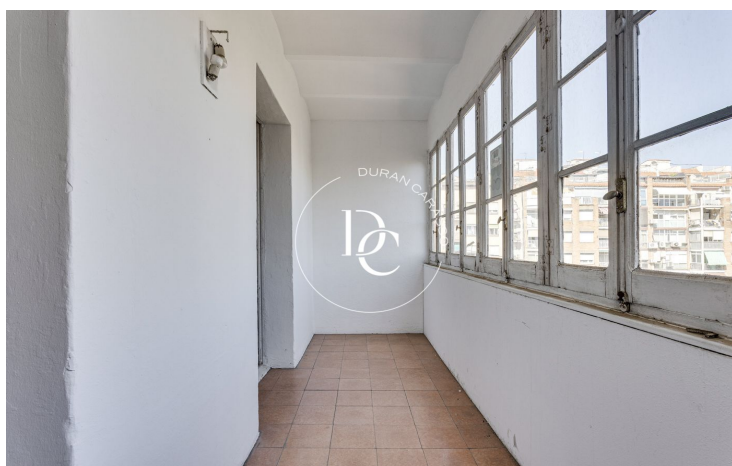

The property currently consists of 5 bedrooms, two of them with a large gallery, a bathroom, a toilet, a separate kitchen and a beautiful living room facing Gran Vía.

In short, this is a very special property, with great possibilities for achieving an exceptional renovation and in a privileged location.

Don't miss the opportunity to have a property in the center of Eixample with shops and services of all kinds and a fantastic connection to any area of the city and the airport.
