It is one of the few opportunities to live in Santa Eulalia right in front of the sea with a magnificent garden and pool with a waterfall and large trees that give it the privacy it deserves.

With a fireplace in the living room, another fireplace in one of the rooms and on one of the terraces, this villa invites you to live in a comfortable and perfectly located home for those who adore independence but are also urbanites.

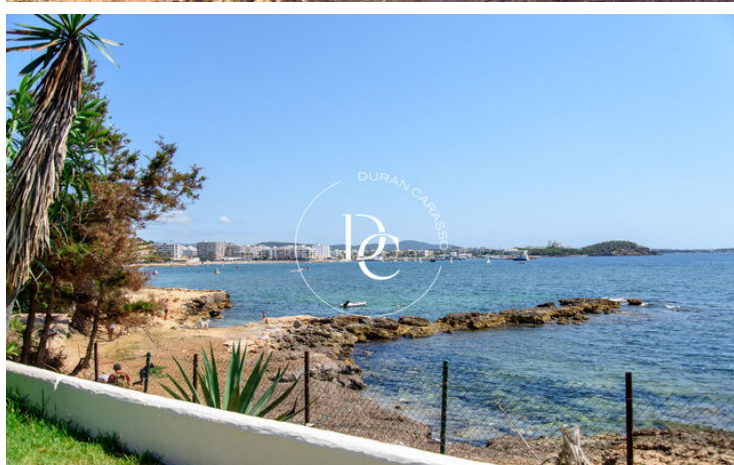

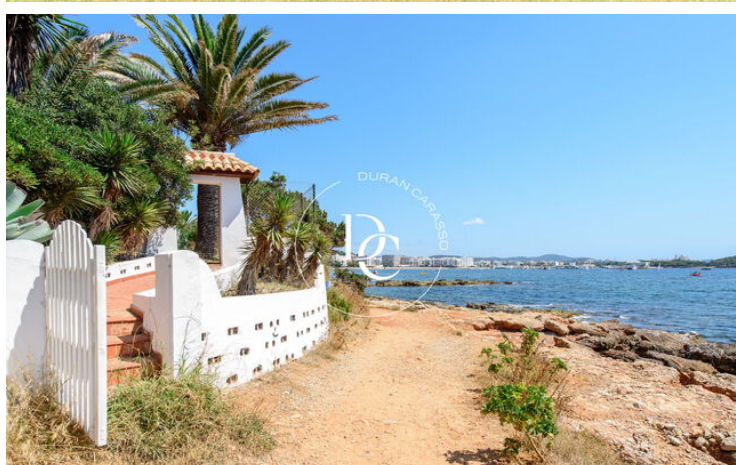

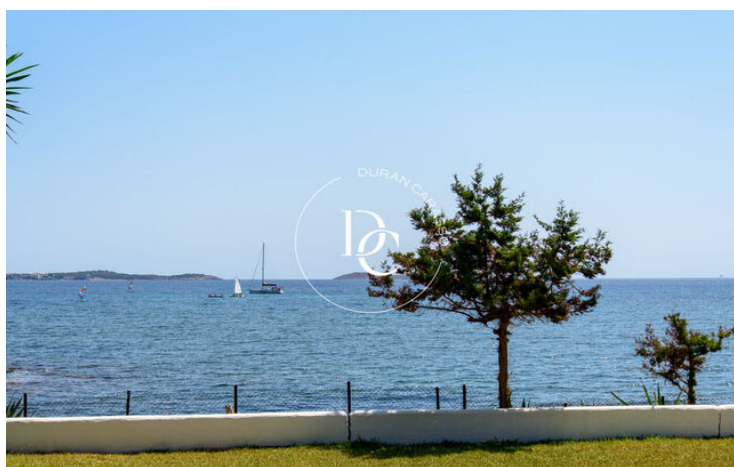

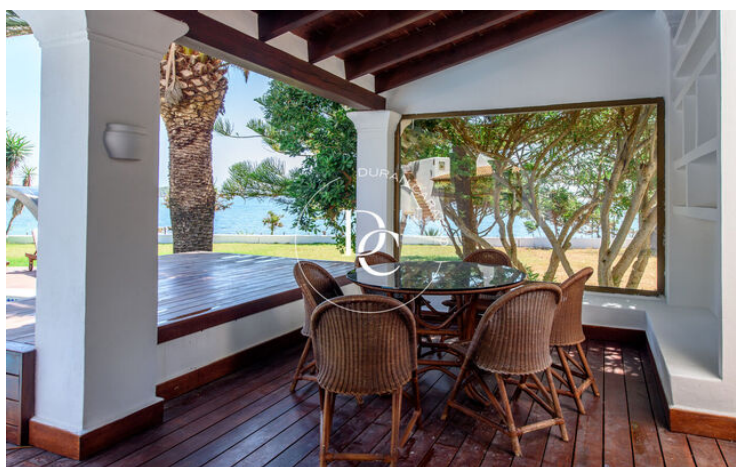

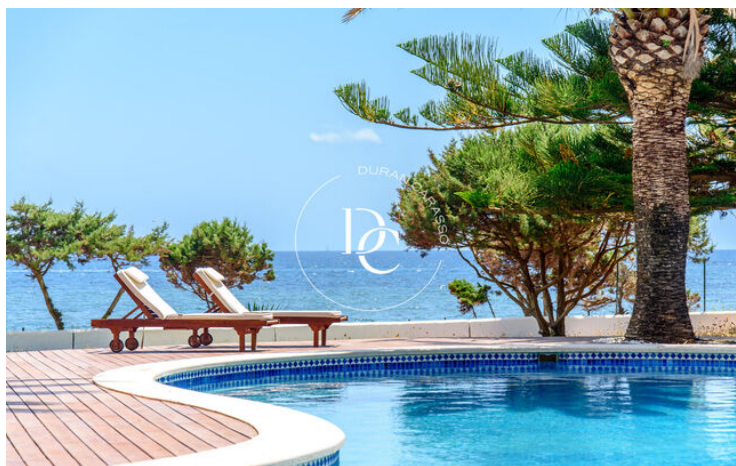

You can come with your boat in front of your property taking advantage of a small jetty that is just in front.

Enjoy the independence of each room with its individual entrances and above all the sunrise in this property is unique in Santa Eulalia del Río.

If, on the other hand, you want to find a return, you can currently rent it for months, but if you wish, you can request a tourist license.

We will be happy to show you the property, but we have a 3D tour available so that before viewing it you can get to know it in detail and even measure any object or room.

Come visit the only villa that will give you the luxuries of living in front of the sea and enjoy the life of Santa Eulalia a few steps away.
