Quint Mar / Sitges

Duran Carasso presents this semi-detached house in Quintmar (Sitges).

An area known for its natural environment, with hills covered in vegetation and beautiful landscapes. It is well connected with the rest of Sitges and its surroundings. It has easy access to the main roads and highways, making it easy to travel to the city center and other nearby areas.

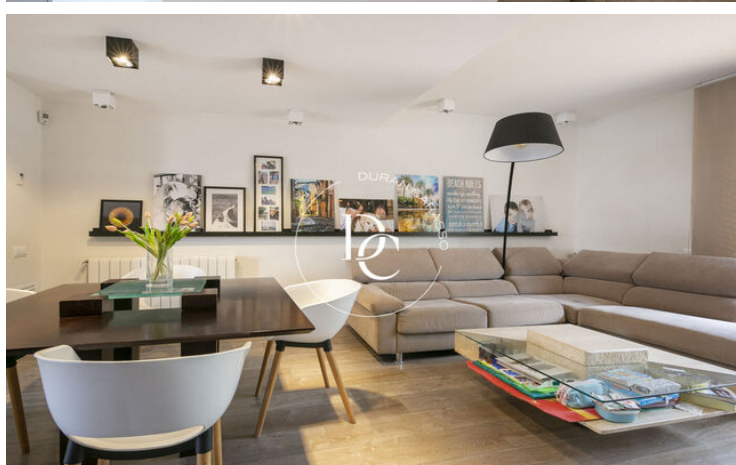

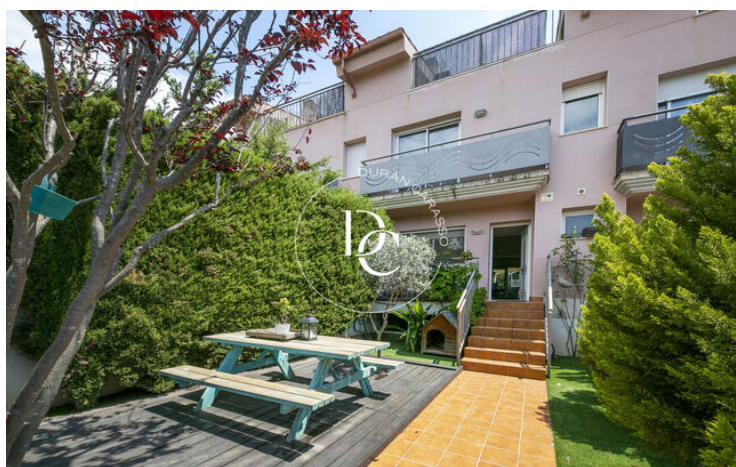

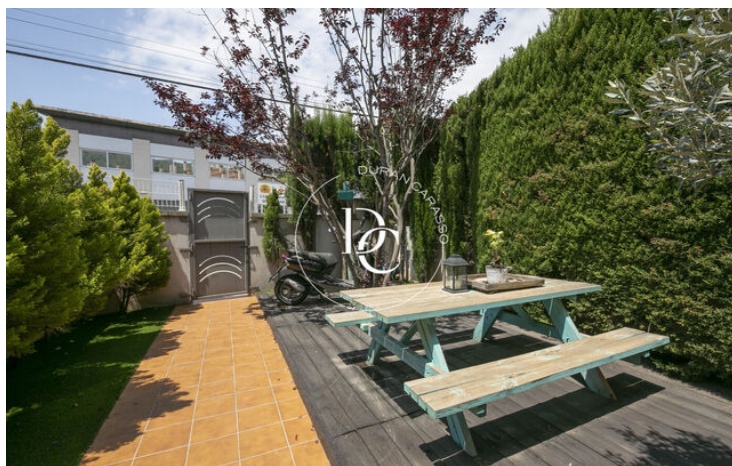

We access the house through the main garden. Upon entering, we are greeted by a spacious living-dining room with an open American-style kitchen. It consists of a courtesy service. We also have another access to the interior terrace that communicates with the pool in the community area. It is a very quiet area and very well maintained.

On the first floor is the master suite, which has a dressing area and a private full bathroom. It also includes two exterior rooms with fitted wardrobes and a full bathroom.

The attic of the house is an open and bright space, with access to two very well oriented terraces. In one of them we find the independent water area. This space can be used in a variety of ways, such as a study area, a game room, or even an additional space for entertaining. The natural light and the views from the terrace create a pleasant and welcoming atmosphere.

In the basement is the parking space with capacity for a large car and includes the installation for an electric car. It also has a storage area.

You will love it, be sure to visit it.
